## Gardening Club News

March 2019

### Welcome to the March newsletter

#### Annual Report 2018.

I am happy to report that we finished the financial year with a surplus of **£153**. This is entirely due to members' generous contributions to the annual plant sale, raffle, teas and magazines. Without this extra income we would have been in deficit as our income from subscriptions was £990, but our outgoings including speakers' fees were

£1.484. This year we have raised the subscription fee to ensure a more secure income and to continue to offer quality and interesting speakers. But don't stop buying those raffle tickets! Thank you all!

**Sandra**

### Spring Perennials

#### The speaker for March will be Rosy Hardy

**Rosy is the founder of Hardy's Cottage Plants** and a regular Gold Medal winner at Chelsea. Rosy will be talking about spring perennials and will

also be giving a demonstration. There will be an opportunity to buy plants from her nursery.

### March Blues

**Corydalis is a lovely spring flowering plant, native to the Northern Hemisphere; in Greek, the name Corydalis means `crested lark`.**

There are about 470 species, both annual and perennial and will grow both in sun and in partial shade. Many of the species have

brilliant blue flowers which look stunning especially when combined with Scillas

#### **Where to see**

At the moment, along with scillas, they are just coming into flower on the bank behind the Bath House at Harlow Carr.
